Moral Reconciliation Therapy - “How to Escape Your Prison”

Do you feel trapped by your lifestyle,
your financial situation,
or your addiction?

Are you in this situation
because you made a poor
decision?

Do you feel like you have
lost control?

Are you ready for a
change?

If you answered **YES** to any of these
questions, Moral Reconciliation Therapy
(MRT) may be right for you.

What is MRT?

MRT is a systematic, step-by-step treatment strategy designed to enhance self-image, promote growth of a positive identity and facilitate the development of higher stages of moral reasoning. MRT significantly raises moral reasoning levels, life purpose, and other positive personality variables.*

Moral Reconciliation Therapy

Why would MRT benefit me?

MRT was designed with you in mind, so you can help yourself. The steps cover topics such as disloyalty, opposition, uncertainty, defense mechanisms and many others. MRT helps you to learn to deal with the decision making process and determine what is right and what is wrong.

You are not alone. With MRT, you will have more success if you work with other people. A facilitator will be there to help you along the way, but it is the members of the MRT group that are in charge.
